Sir:

I, Frank Hensel, hereby state that the biological material deposited as DSM accession no. ACC2903, on April 3, 2008, at Deutsche Sammlung von Mikroorganismen und Zellkulturen GmbH, Inhoffenstrasse 7B, D38124 Braunschweig, Germany, is the biological material specifically identified in application serial no. 10/578,856 as filed, at page 13, lines 8-9, namely the "hybridoma cells producing the SAM-6.10 IgM antibodies...."

Dated: April 24, 2008

Frank Hensel
